Historical Museum of La Cruz

Collection: lithic, bio-anthropological and ceramic character of 1500 AC.
The information to be obtained will provide unpublished data of the Inca presence in the middle of Aconcagua river and its relation to previous cultural groups.

Challenges: How to handle the information given by the collection as is studied? How to respond to changes?
How to motivate the authorities and individuals to obtain funding to enable research, conservation, restoration and dissemination of this collection?

Chronology of cultures of the area: Potter and Spanish Period
Bato culture – Llolleo culture – Aconcagua culture – Arrival of Inca culture – Spanish conquest
300BC-900AC  300BC – 900 AC  900AC – 1400 AC  XIV – XVI Century  From XVI Century

Ceramics from the collection obtained at Carolina Site of La Cruz – It’s observed a strong Cuzco influence.
