A TALE OF TWO SYSTEMS: SYNERGY IN MANAGING RISKS TO PEOPLE AND COLLECTIONS

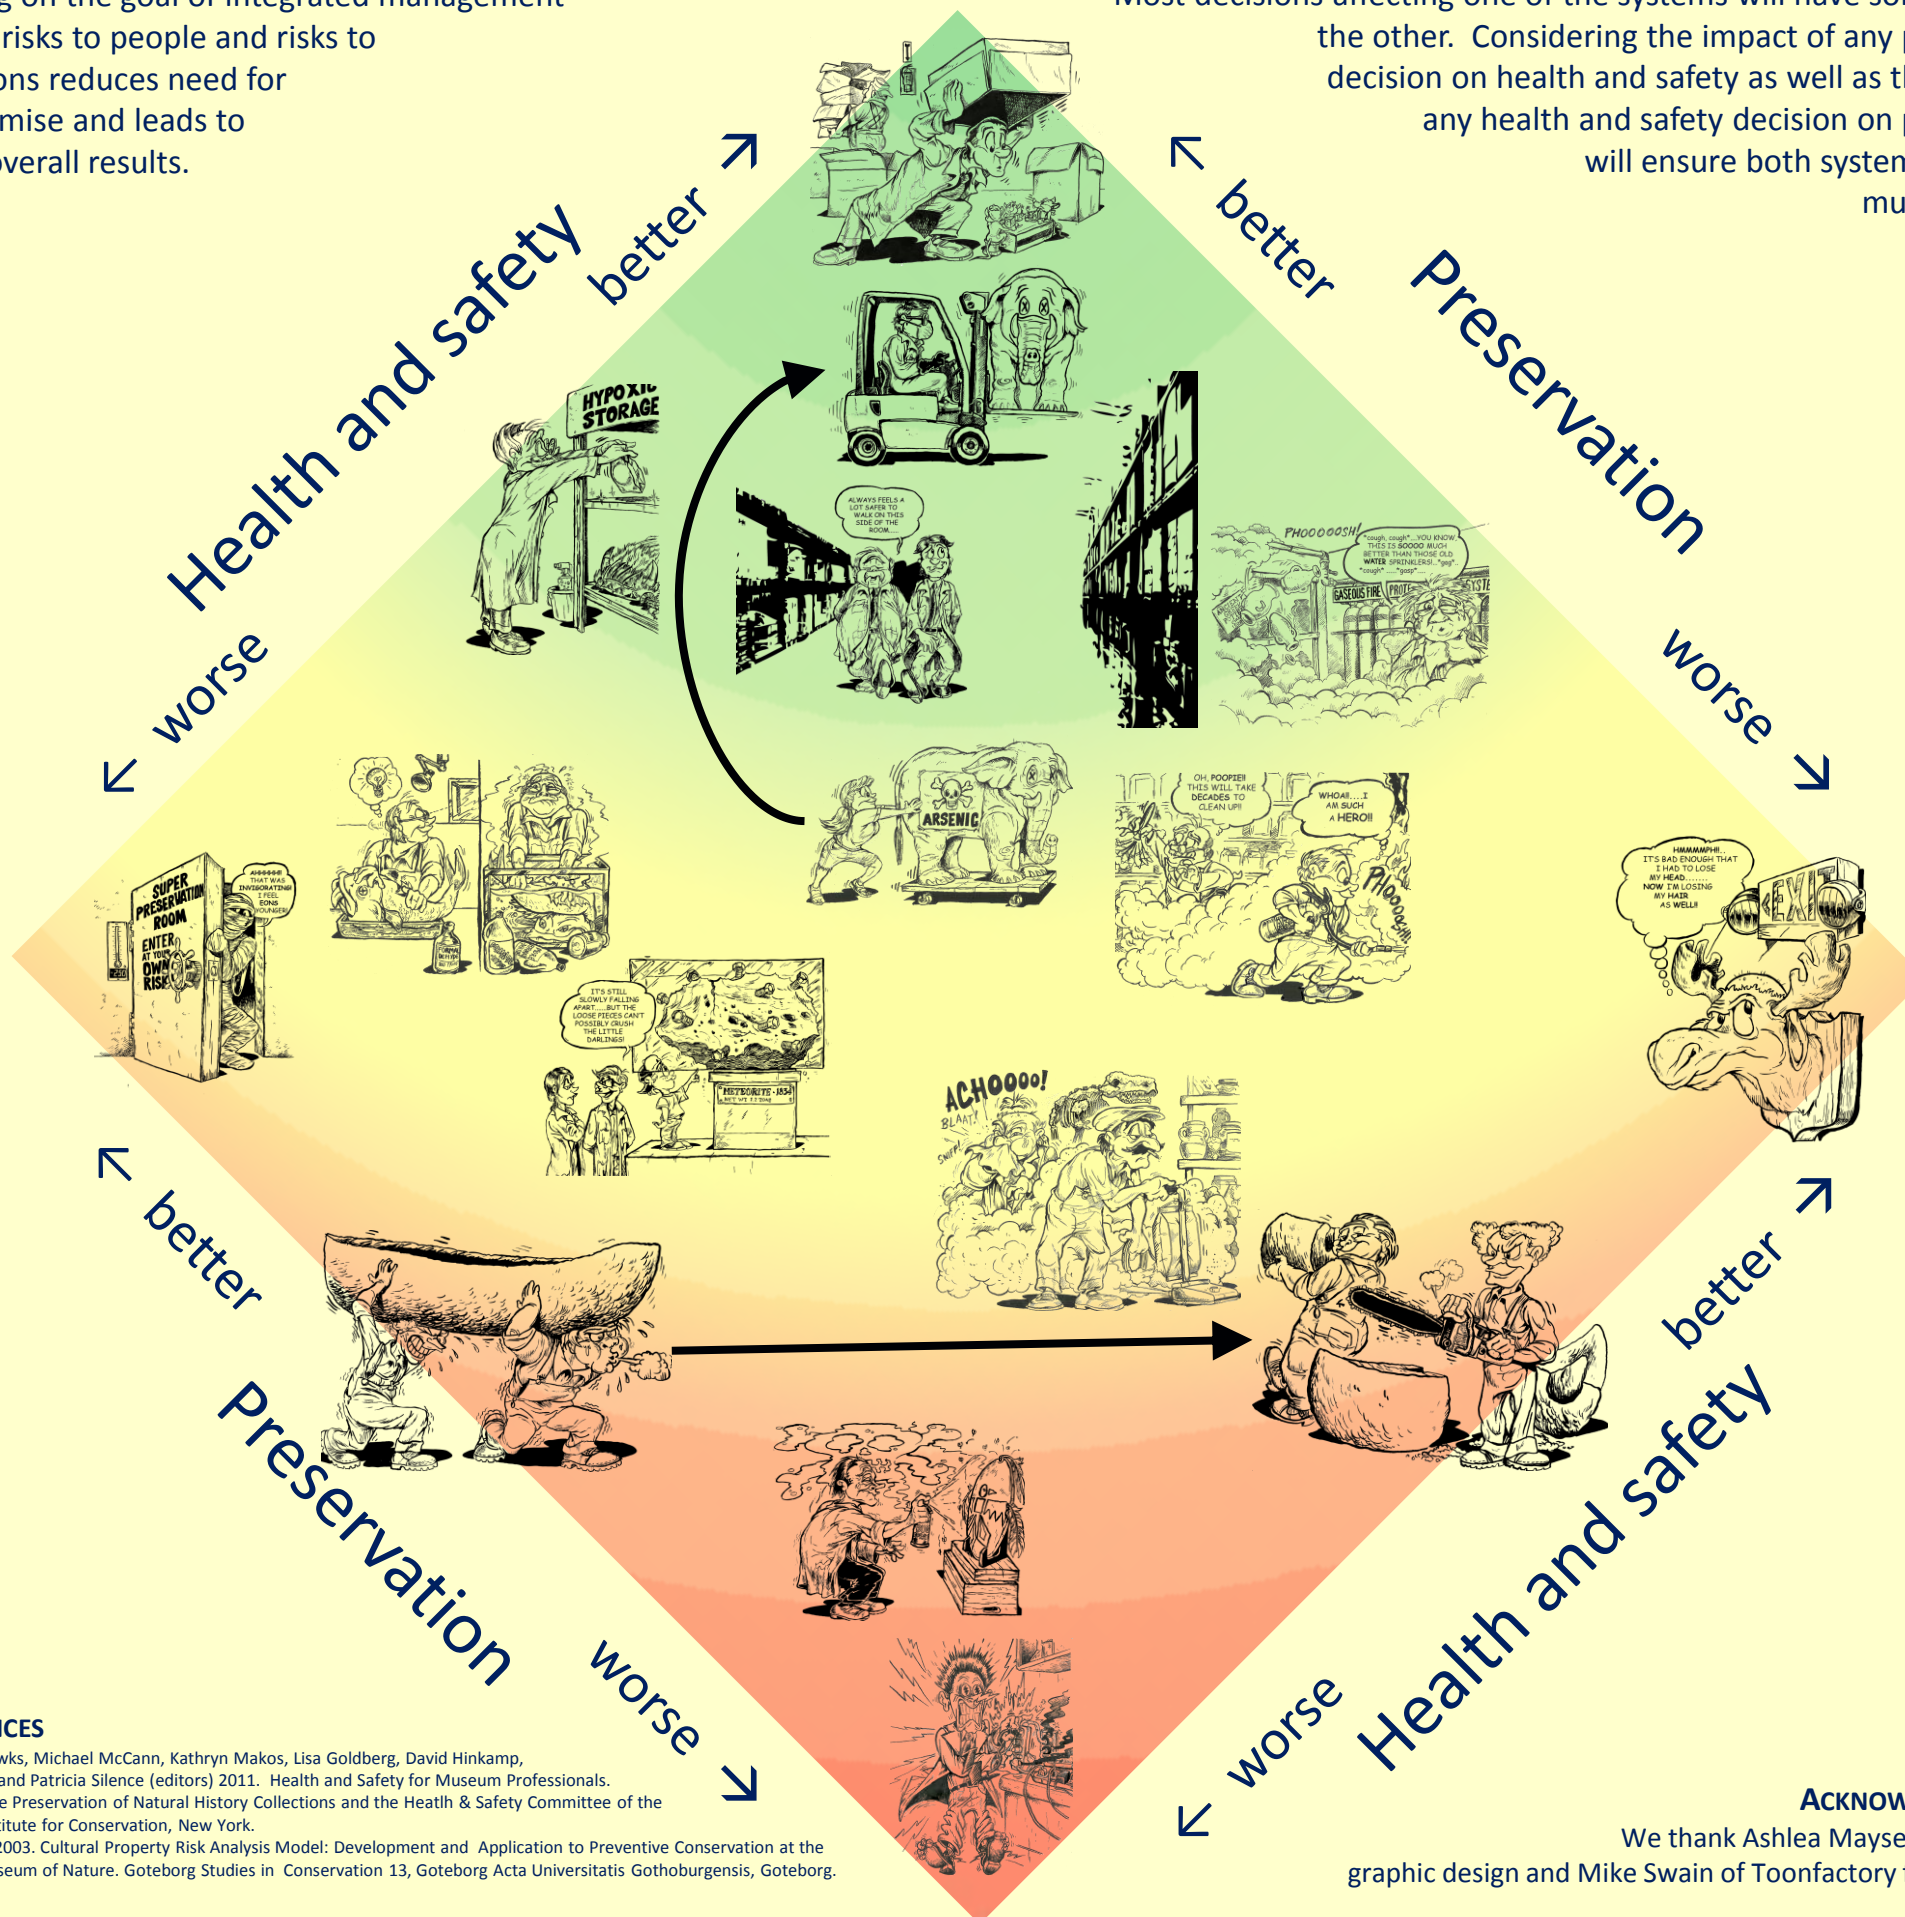

Robert Waller
President and Senior Risk Analyst
Protect Heritage Corp.

PROTECT HERITAGE
Bridging Past and Future

Focusing on the goal of integrated management of both risks to people and risks to collections reduces need for compromise and leads to better overall results.

Most decisions affecting one of the systems will have some effect on the other. Considering the impact of any preservation decision on health and safety as well as the impact of any health and safety decision on preservation will ensure both systems evolve for mutual benefit.
